

ORDINANCE NO. 100

AN ORDINANCE OF THE CITY OF EL PASO DE ROBLES CREATING
A DEPARTMENT OF CIVILIAN DEFENSE AND PROVIDING FOR
THE ORGANIZATION, POWERS AND DUTIES
THEREOF

The City Council of the City of El Paso de Robles does ordain as follows:

SECTION 1. Declaration of Policy. The United States Office of Civilian Defense has recommended basic changes in the organization and functions of local defense councils to meet present war needs. It has become increasingly evident that many new activities vital to the war effort require central direction and control by local civilian defense organizations operating as official agencies of local government. This is as true of programs designed to aid industrial and agricultural production, to conserve the available supply of consumer goods, to help maintain a stabilized economy and the highest possible standards of community health and welfare, as it is of programs for the protection of life and property against the hazard of enemy attack.

Civilian defense now requires the active participation of every citizen. Defense council organizations established before the war in conformity with federal and state recommendations were intended to be planning and advisory agencies rather than operating agencies. It now becomes necessary to establish a civilian defense organization designed to organize, supervise and direct all municipal programs arising out of the war or which require organized community action.

SECTION 2. Department of Civilian Defense. There is hereby established within the government of the City of El Paso de Robles a department to be known as the Department of Civilian Defense, (hereinafter referred to as the Department), which shall consist of: (A) A War Council; and (1) A Citizens Defense Corps, (2) A Citizens Service Corps. The Department shall be subject to direction and control by the War Council, as hereinafter provided.

SECTION 3. War Council. The War Council shall consist of the Mayor, who shall be ex officio chairman, the Commander of the Citizens Defense Corps, the Director of the Citizens Service Corps, and the Coordinator for the War Council, which offices are hereby created. Such offices shall be filled by appointment by the Mayor with the approval of the City Council who shall also have the power of removal of any of such

The following is a specific statement showing the urgency of this ordinance:

An emergency exists in that the United States of America are at war and it is urgently necessary that proper measures be provided for and taken for adequate local defense in the City of El Paso de Robles and that the same coordinate and cooperate with National, State and other local defense measures and provisions.

SECTION 18. Validity Clause. If any section, sub-section, sentence, clause or phrase of this ordinance is for any reason held to be unlawful, such fact shall not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have passed this act, and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, sub-sections, sentences, clauses or phrases be declared unlawful.

SECTION 19. The City Clerk shall certify to the passage of this ordinance and cause the same to be published in the Paso Robles Press, the official newspaper of said City.

PASSED and ADOPTED by the City Council of the City of El Paso de Robles, this 14th day of December, 1942.

In the establishment of such policies consideration shall be given the recommendations of the Federal Director of Civilian Defense and other appropriate federal and state officers and agencies.

SECTION 7b. In case of enemy attack or during a period of air raid alarm and until such time as the emergency created thereby shall be declared ended either by the Commander or by the city council, the Commander shall have complete authority over the city government, and he shall have the right to exercise all police power vested in the city by the constitution and the laws of the State of California, including power during such time

to issue and enforce rules, regulations and orders which he considers necessary for the protection of life and property. The Commander shall staff, equip and operate the control center and the Citizens Defense Corps as nearly in accordance with the recommendations of the Federal Director of Civilian Defense as local conditions warrant.

In the event this city is included in any plan for the operation of a control center over a larger area within which this city is included, which plan calls for the presence therein of a representative of any of the Emergency Services of this city, the Commander, with the approval of the War Council, may authorize the chief of any such service or a representative designated by him to participate in such a plan and report to such a control center.

SECTION 8. Mutual Aid. The Commander, in accordance with the provisions of Chapter 323, Statutes of 1941, or other statutes authorizing joint exercise of powers, is hereby empowered to negotiate mutual aid agreements with the appropriate officers of other governmental agencies

within a reasonable distance of this city and shall submit such proposed agreements to the War Council for its approval and thereafter to the city council for final approval.

Aid shall be given on behalf of the city in accordance with the terms of such agreements and may be given or requested only when authorized by the Commander. In the absence of such an agreement, whenever in the judgment of the Commander the public interest requires it, aid may be dispatched to or requested from another governmental agency by the Commander.

SECTION 9. Local Property Officer. The local property officer, hereinafter appointed by the Mayor with the approval of the city council in conformity with regulations of the Federal Director of Civilian Defense, shall be under the direction and supervision of the Commander. He is authorized and directed to receive, account for, and distribute, in accordance with the orders of the Commander not inconsistent with the terms of any agreement under which property was given or loaned to the city, any personal property which has been or may hereafter be given or loaned to the city for the protection of persons or property against air raids and other war hazards. The local property officer shall perform such other duties as may be delegated to him by the War Council or the Commander.

Such auxiliaries, recruited for special, temporary or occasional duties, need not be required to take the oath of office and otherwise meet the requirements established for regular members and trainees of the department. In accordance with the provisions of this ordinance and rules established by the War Council, the Commander shall have power to remove any member of the Defense Corps and the Director shall have power to remove any member of the Service Corps; provided, however, that this ordinance shall not vest in the Commander or the Director authority to remove from his regular employment any officer or employee of any other department of the city government assigned to, or who, in the normal course of his other duties, is made a member of any Emergency Service or division of the Defense Corps or Service Corps. The power of removal may be delegated by the Commander or the Director to the Chiefs of Emergency Services or divisions, under the direction and supervision of the Mayor.

SECTION 12. Services, Divisions and Units. The War Council shall have the power to revise the emergency services of the Defense Corps and the divisions of the Service Corps as set forth above, to create units within each of such services and divisions, to create additional services, divisions, or units, and to abolish any service, division, or unit if, in

the opinion of the War Council, the more efficient execution of the activities of the department requires such action.

Emergency Services and units of the Defense Corps shall perform such duties as the Commander, with the approval of the War Council, may specify. Divisions and units of the Service Corps shall perform such duties as the Director, with the approval of the War Council, may specify.

The War Council shall determine the number of members to be appointed to each of the Emergency Services of the Defense Corps and units thereof, and to each of the divisions of the Service Corps and units thereof.

SECTION 13. Oath of Office. Every member of the Department of Civilian Defense shall take such an oath of office as may be prescribed by the War Council at such time as the War Council shall determine.

SECTION 14. Identification. No member, trainee or auxiliary of the department shall wear or use any form of insignia authorized and prescribed by the Federal Director of Civilian Defense or the War Council unless and until he shall be authorized by the War Council, in accordance with the regulations of the Federal Director of Civilian Defense or the War Council, to wear such insignia. No other person shall be entitled to wear or use such form of identification, nor shall any other person represent himself to be a member of such department. Any person resigning or removed from his position as a member of the department to which he has been appointed or ceasing to act for any reason, shall immediately surrender to the person or agency from which the same was received any arm band, card or other means of identification prescribed for persons appointed pursuant to this ordinance and all other equipment, materials or supplies entrusted to him by or on behalf of the city.

Any person wearing or possessing, without proper authorization, the forms of insignia or other methods of identification restricted to members of the department or who falsely represents himself to be a member of such department, shall be guilty of a misdemeanor and upon conviction shall be punishable by fine of not to exceed \$100 or imprisonment of not to exceed 30 days, or both.

SECTION 15. Other Departments Shall Cooperate with the Department of Civilian Defense. Every department, commission, board, officer and employee of this city shall cooperate with and assist the Department of

Civilian Defense and the officers and employees thereof so as to enable the department and the officers and employees thereof to accomplish the objectives of this ordinance.

Every municipal agency and officer having jurisdiction over any officer or employee of the city is hereby authorized to comply with any request from the War Council for the transfer of municipal personnel or property to the Department of Civilian Defense.

Every officer or employee of this city assigned to the Department of Civilian Defense for the performance of full-time or part-time duties shall perform said duties as a part of the official duties of his position and in the course of his employment, notwithstanding the provisions of any ordinance, resolution, civil service or other rules and regulations, otherwise prescribing or limiting his duties or the duties of his position.

No person shall receive any compensation from the city for his services on the Department of Civilian Defense unless such compensation shall be expressly provided for by the city council. The foregoing shall not be deemed to deny to any officer or employee of the city his right to his normal compensation for the performance of his official duties, merely because those duties be deemed hereafter to be included within the civilian defense effort.

No officer or employee of this city shall suffer any reduction of pay or loss of civil service status or rights by reason of his performance of services under the jurisdiction of the Department of Civilian Defense, if performed with the consent of or at the order or request of the board or officer in control of the department in which he is employed.

SECTION 16. Repeals and Succession. Any and all ordinances and/or parts of ordinances, heretofore adopted, in conflict herewith are hereby repealed. The War Council may ratify and approve such official acts of the Council of Defense as are in keeping with the provisions of this ordinance and thereby continue such acts in full force and effect as though originally enacted by the War Council.
