"The Pass of the Oaks"

Time Frame for Engineering Completion of the Plan Review Process

City of Paso Robles Engineering Division Phone (805) 237-3860 Fax (805) 237-6565

ATTENTION CONTRACTORS, DEVELOPERS, AND CONSULTANTS:

Effective January 21, 2002, quoted time frames for completion of the plan review process for Housing Tracts, Public Improvements, and Commercial/Industrial projects (excluding that time consumed by the contractor or developer for correction and/or amendment) shall be as follows:

Initial plan review* (first plan check):

Forty-five (45) working days (this excludes weekends and holidays) will be required to complete the initial plan review process.

Second plan review* (plan recheck):

Forty-five (45) working days (this excludes weekends and holidays) will be required to complete the second, and subsequent, plan review (recheck).

Plan review for small permits:

Thirty (30) working days for initial plan review for all Single Lot Grading. Allow *twenty (20)* days to complete the second plan review (recheck).

*Please note that the time frames quoted above **do not** include that time period when plans are in the possession of the contractor, developer, or consultant for correction and/or amendment.

All submittals subject to the Subdivision Map Act will be processed in accordance with time frames stated within the Act.
