

CITY OF EL PASO DE ROBLES

"The Pass of the Oaks"

Toilet Rebate Program Terms and Conditions

The City of Paso Robles is offering rebates of up to \$125 to homeowners or business owners who replace a low-efficiency toilet (3.5 gallons per flush or greater), found only in homes built prior to 1993. Replacement toilets must be High Efficiency Toilet(s). High Efficiency Toilets are those using 1.28 gallons per flush or less, including dual-flush toilets.

Toilet Rebate Program Terms and Conditions

- 1) Rebates are one time per property. The property receiving the rebate must be a water customer of the City of Paso Robles. A maximum of two toilets per property are eligible for a rebate. Purchases made prior to Feb. 21, 2010 are not eligible for rebates.
- 2) To be eligible, the toilet being replaced must be a high flow toilet and year of home construction must be before 1993. New toilets must be high efficiency units using 1.28 gallons per flush, or less.
- 3) Rebate funds are reserved for each customer at the time the completed application is submitted. The rebate amount will not exceed the total cost of the device and installation (if installation done by a licensed plumber, and paid invoice is provided), excluding tax.
- 4) Rebate checks will be issued for completed applications only.
- 5) Installed High Efficiency Toilets are subject to on-site verification by City staff prior to rebates being issued.
- 6) Rebates will be paid as long as funds are available. The program may expire or change at any time.

How Do I Apply?

- 1) Confirm your old toilet(s) and the new replacement toilet(s) are eligible for the rebate, according to the conditions above. Record the manufacturer and model of old toilet(s). Also note the date manufactured, if available. This information is typically found on the inside of the toilet tank or lid and is required to complete your application.
- 2) Once the new toilet has been purchased and installed, complete the Toilet Rebate Application Form and submit with an invoice attached that indicates the manufacturer and model number of the new toilet(s), and cost.
- 3) Once the city receives your application and confirms eligibility, we will call you to schedule an inspection of the installed toilet(s). If your toilet or toilets qualify, a rebate check will be mailed within 30 days of the inspection.
- 4) To check on the status of a submitted toilet rebate or if you have questions call 227-7250.
