# Drought Response: 2016 Update

## Conservation and Outlook

- May 2016 water conservation is projected to surpass state mandate for the month
- New Executive Order / State has proposed new regulations affecting conservation standard

# Drought Response: 2016 Update

Production and Mandated Conservation Target (Jun 2015-Oct 2016)

# Drought Response: 2016 Update

## New conservation regulations proposed by State

- New conservation standards must account for suppliers' unique water supply and demand conditions
- City's conservation standard expected to be reduced (likely to 2013 actual production)
- Existing prohibitions on water waste will still apply
- SWRCB will require monthly conservation reporting
- Compliance determined based on total conservation June 2016 - January 2017

# Drought Response: 2016 Update

## New conservation regulations proposed by State

- Planned responses to proposed regulations:
  - Seek Council approval to modify Water Shortage Cont. Plan (2 day/week irrigation to 3 day/week)
- Maintain existing permanent prohibitions:
  - Runoff and water waste
  - Irrigation during or within 48 hours following rain
  - washing down hardscapes
  - Washing car without an automatically closing nozzle
