Drought Response: 2016 Update

Production and Mandated Conservation Target (Jun 2016-Jan 2017)

Drought Response: 2016 Update

Conservation Outlook

- September water use was below mandated target

Month	Jun	Jul	Aug	Sep
Conservation Achieved (relative to 2013)	21.2%	26.0%	21.6%	21.0%

- Good customer response to 3-day watering schedule
- Majority of recent reports for broken or leaking irrigation system, however some persisting watering schedule non-compliance
- Participation in rebate programs remains high (61% of FY16/17 rebate budget has been issued or committed to active projects)
