

# Paso Rocks!

## Project

Find a flat rock no larger than the palm of your hand.

Decorate the rock with an inspirational message or design using paint or other eco-friendly embellishments.

Place the rock in any Paso Robles park or recreation area for others to discover and enjoy.

If you find a decorated rock that you love, you are welcome to take it with you. In turn, please decorate a rock of your own and place it in a park or public area to pay it forward and help keep the ***Paso Rocks!*** project growing.

## Spread Joy

Share the joy by taking a photo of your personal ***Paso Rocks!*** creation or any decorated rocks that you discover and post them on social media.

Tag the location of the park and use #PasoRocks and @PRCityRecreation to help others rock right along with you.
