Drought Response: 2016 Update

Conservation Outlook

- November water use was below mandated target

| Month | Jun | Jul | Aug | Sep | Oct | Nov |
|--|-------|-------|-------|-------|-------|-------|
| Conservation Achieved (relative to 2013) | 21.2% | 26.0% | 21.6% | 21.0% | 26.9% | 37.5% |

- Drought-tolerant landscape and high-efficiency toilet rebates are available

Fall conservation tips

- Reduce duration & frequency of landscape watering
- Insulate exposed landscape valves and piping to prevent freezing and leaks

Drought Response: 2016 Update

Production and Mandated Conservation Target (Jun 2016-Jan 2017)
