Drought Response: 2015 Update

Conservation and Outlook

- December water conservation was short of State mandate for the month (3.9% from target)
- State may initiate formal enforcement for further non-compliance: information order, notice(s) of violation, & fines
- Significant opportunities to reduce water use in the community:
 - Turn off irrigation in winter
 - Comply with watering schedule & other restrictions
 - Do not water during or within 48-hours of rain
 - Check for leaks indoors & outdoors, and fix immediately
