Drought Response: 2016 Update

New conservation regulations adopted by State

- Conservation requirements specific to each supplier, based on “stress-test”
- City projects adequate supply under prescribed “stress-test” conditions, therefore City to maintain water production below 2013
- Compliance determined based on total conservation June 2016 - January 2017

Drought Response: 2016 Update

Production and Mandated Conservation Target (Jun 2016-Jan 2017)
