

CITY OF PASO ROBLES

Drought Response: Oct. 20, 2015 Update

This Summer
Reduce Your Use!

Drought Response: 2015 Update

Conservation and Outlook

- October 1 - 19th water use suggests insufficient conservation for the month
- City periodically evaluating irrigation demand and making reductions at City parks and facilities
- Significant opportunities to reduce water use in the community:
 - Reduce watering times during the fall & turn off irrigation in winter (October demand is 50% less than peak summer demand)
 - Comply with watering schedule & other use restrictions
 - Do not water during or within 48-hours of rain
 - Check for leaks indoors & outdoors, and fix immediately

Drought Response: 2015 Update

Production and 2015/16 Mandated Target (June 2015-Feb 2016)
