Drought Response: Sept. 15, 2015 Update

This Summer
Reduce Your Use!

Drought Response: 2015 Update

Conservation Rebates

- All allocated rebate funds are committed

Conservation Outlook

- September 1-14th water use suggests insufficient conservation for the month
- Additional conservation will be required to meet state mandated water savings this fall and winter:
 - Comply with watering schedule & other use restrictions
 - Do not water during or within 48-hours of rain
 - Reduce watering times during the fall and turn off irrigation system in winter

Drought Response: 2015 Update

Production and 2015/16 Mandated Target (June 2015-Feb 2016)
